Respirator set with blower unit Versaflo™ TR300+, Type: START

Order data

Order number	097180 START
GTIN	4054596175389
Item class	04G

Description

Version:

The Versaflo™ TR300+ respirator set with blower unit protects against **particles**. The compact and close-fitting system with a **weight of just 1135 g** is particularly suitable for working when seated and for restricted workspaces. A constant flow of air is ensured, even as the battery power becomes low and the filter performance diminishes. An acoustic and visual alarm is output when the battery power is low and/or air flow is insufficient. The display shows the battery charge status, particle filter clogging status and air flow level.

Standard:

EN 12941 (TH2 oder TH3 je nach eingesetztem Kopfteil).

Supplied with:

- 1× blower unit TR302E+
- 1× spark barrier TR362E
- 1× air flow indicator
- 1× particle filter TR3712E
- 1 × pre-filter TR3600
- 1 × standard belt TR325
- 1 × high-performance battery TR332
- 1 × charger incl. power supply unit TR341E
- 1 × length adjustable air hose BT30

Note:

The Versaflo™ TR300+ respirator set with blower unit is supplied **without a headpiece**.
